YOUR PRAYERS ARE CHANGING LIVES!

Amid the ongoing COVID-19 pandemic, School Without Walls (SWW) leaders across Eurasia are hosting summer Bible day camps for small groups of hurting children in their neighborhoods.

During these special camps, thousands of boys and girls are enjoying much-needed time together and experiencing the healing love of Jesus in safe environments where social distancing guidelines are being observed. In these day camps, children like Anya (pictured on front cover), a young girl from Berdyansk, Ukraine, are hearing the Good News of Jesus and finding hope and peace, even amid the fear and uncertainty caused by the pandemic.

Anya was so excited to go to camp after being stuck in her house for several weeks that she ran to the church. She loved participating in a virtual English lesson with Brad, one of our partners at ShareWord Global in Canada, and she enjoyed hearing the story of the Good Samaritan. Today, even though she is back at home, Anya is reading the Christian literature that the SWW leaders gave her, and her once heavy heart is now filled with the joy found only in Jesus.

This month, as SWW leaders host even more neighborhood Bible day camps, please pray that God would transform the hearts of even more children with His healing love.
